The Parish Council on its website and static Notice Boards, state that **graffiti is a low priority.**

- (1) When was this determined by the Parish Councillors at that time and where is it recorded.

The Parish Council has debated options for tackling a number of times. The practice for the last six years has been the same as that delivered by Swindon Borough Council prior to the parish. Offensive graffiti is covered within one working day of reporting – other graffiti is dealt with on an adhoc basis depending on time, weather and resources. Private properties can ask for graffiti removal from SBC.

The process of overpainting needs a period of dry conditions – particularly for subways. Last year 12 of the 18 subways were repainted) at a cost of 5 days labour and £1000 paint

- (2) Was the public consulted on this decision before it was agreed.
No – no specific decision although the discussions on graffiti have taken place as part of public meetings.
- (3) Do the current Parish Members still support this decision.
Refer to the next Planning, Leisure & Environment Committee
- (4) Do the current Parish Councillors consider that graffiti enhances the area.
Refer to the next Planning, Leisure & Environment Committee
